10% OFF camps for existing participants

Our 12-and-under program makes learning tennis fun! We follow a USTA-approved progression with the use of specialized balls, mini-nets, and age appropriate drills. Within our 45 minute-to-one-hour classes, we offer skill-building activities to develop early muscle memory. We focus largely on the ABCs of tennis: Agility, Balance, and Coordination, as well as technique, movement, scoring, and court sense for the Red Ball. Orange and Green Ball players will improve their stroke production and tactical play.

7 Week Sessions, with classes Monday, Wednesday, Saturday
